
NISANTASI UNIVERSITY SCHOLARSHIP DIRECTIVE**Purpose**

Article 1- The purpose of this directive is to determine the principles regarding the scholarships and discounts to be given to the students in the associate, undergraduate and graduate diploma programs of Nisantasi University.

Scope

Article 2- This Directive applies to the provisions regarding the scholarships and discounts to be given to the students in the associate degree, undergraduate and graduate degree programs of Nisantasi University.

Ground Article 3- This Directive has been prepared on the grounds of Higher Education Law No. 2547, Nisantasi University Main Regulation, Nisantasi University Regulation on Associate and Undergraduate Education and Examination and other relevant legislation.

Definitions

Article 4- In the directive;

- a) Scholarship Commission: Refers to the 3-person commission established by the Rectorate to evaluate scholarship applications.
- b) Normal education period: refers to 2 years in associate degree programs and 4 years in undergraduate programs, which have no preparatory class; 3 years in associate degree programs and 5 years in undergraduate programs, where preparatory class is compulsory.
- c) ÖSYM: refers to the Measuring, Selection and Placement Center (in Turkey).
- d) Rector: refers to the Rector of Nisantasi University.
- e) University: refers to Nisantasi University.
- f) YKS: refers to the Higher Education Institutions examination.

Scholarship Commission

Article 5- (1) A three-person Scholarship Committee is formed by the Rectorate in order to evaluate the applications for success and support scholarships and to take the necessary decisions regarding the applications. Scholarship Commission decisions are submitted to the Rectorate and become final after the approval of the Board of Trustees.

(2) The General Secretariat carries out the coordination of the scholarship applications and informing the students on this subject, the submission of the applications to the Scholarship Commission and the related procedures.

Scholarship Periods

Article 6 - (1) Scholarships for students who are placed in full and partial scholarship programs in the ÖSYM guide are given for the normal education period. The periods for which the enrollment is not renewed and the course enrollment is not made are included in this period.

(2) Summer school is not covered by the scholarship.

Deserving Multiple Scholarships

Article 7 - When a student deserves more than one scholarship and discount within the framework of this directive, he or she can only benefit from one and the highest one.

Scholarships Given to Students

Article 8 – (1) University Entrance Scholarships: These are full and partial scholarships given to students who are placed in the scholarship diploma programs included in the Higher Education Institutions Examination guide, according to the results of the central placement exam conducted by OSYM. Of these, full scholarship covers the entire tuition fee, 75% scholarship covers three-quarters of the tuition fee, 50% scholarship covers half of the tuition fee, 25% scholarship covers one-quarter of the tuition fee.

(2) Preference Scholarships: These are the scholarships offered in a certain order of preference to be announced on the official website of the university during the preference period for higher education programs.

(3) Sibling Scholarships: These are the scholarships applied at the rate of 5% to each sibling in the undergraduate and associate degree programs of the university.

(4) Disabled Scholarships: These are the scholarships deemed appropriate by the commission to be given to disabled students who are enrolled in the undergraduate and associate degree programs of the university.

(5) Needs Scholarships: These are the scholarships that will be applied to students who have difficulty in paying due to unforeseen reasons and who document this situation, in case the scholarship commission deems appropriate.

(6) Support Scholarships for Sports: These are the scholarships to be applied to national athletes from sports branches to be accepted by the scholarship commission, at the rate and time determined by the scholarship commission.

(7) Science, Art and Culture Scholarships: These are the scholarships to be applied to students who have achieved success in the fields of Science, Art and Culture on the international platform, at the rate and time determined by the scholarship commission.

(8) These are the scholarships that will be applied to students at the end of each academic year, who have studied for at least two semesters in undergraduate and associate degree programs, have never been disciplined and have a cumulative grade point average of 3.60 and above, at the rate determined by the scholarship commission, from the education fee of the following year, in case they apply.

(9) Undergraduate Transfer Scholarships: These are the scholarships in Transfers from other universities to Nisantasi University that will be applied at the rate determined by the scholarship commission if the students apply according to the institution they come from, their entrance score and GPA.

(10) Through Apply Nisantasi, the application acceptance system implemented by Nisantasi University, various scholarships are given to students according to their applications. Students who apply to the Apply Nisantasi system and whose acceptance letter is sent as a result of the application, receive a scholarship at the rate specified, specific to the department written in the acceptance letter.

a) In order to benefit from the Apply Nisantasi scholarship, an application must be made to <http://applynisantasi.com/Apply/FAQ>, the application must be accepted and an "acceptance letter" must be sent to the applicant.

b) Scholarships earned through Apply Nisantasi are valid if they are enrolled in the applied year. Scholarships provided by Apply Nisantasi are non-refundable and are valid during normal education.

c) The scholarship provided is the only scholarship that the student can receive, and cannot be combined with any other public/private institution scholarship and cannot be interpreted as an additional discount right.

Termination of Scholarships

ARTICLE 9 – (1) Scholarship of a student who is suspended for two semesters or more in a disciplinary investigation is terminated.

(2) If the students who receive academic success scholarships receive a disciplinary penalty, their scholarships are terminated.

(3) If students who receive a scholarship from the university entrance scholarship category do not graduate within the normal education period, their scholarship is terminated and these students become paid students.

Cases without provisions

Article 10 - In cases where there is no provision in this regulation, the provisions of the main regulation of the university, the Regulation on the associate and undergraduate education and examination, the resolutions of the senate and the university administrative board are applied.

Enforcement

Article 11 - This Directive enters into force after the University Senate resolution and the approval of the Board of Trustees.

Execution

Article 12 - The provisions of this Directive are executed by the Rector.
