Who is ErasmusInn?

ErasmusInn is a social business founded to help international students and find the right place to live before studying abroad. By enabling verified hosts to rent out their spare rooms in cities all over Europe. We offer a safer, smarter and more secure way to book accommodation than traditional property listing websites.

What ErasmusInn offers?

- You can find accommodation that fits your needs. Our unique system offers the following benefits:
- Avoid high real estate fees and part time accommodation in hotels by finding your housing months before your arrival
- Matches students with similar hosts using Facebook likes
- Sign a rental contract with your host and avoid any complications that may arise throughout your stay
- Pay online securely through your credit card of choice
- Vetted hosts through several verification processes
- Verified addresses as our team visits each property
- We don't release the rent fee to the host until you move-in and 48 hours has passed. If you face a problem within these two days **ErasmusInn** finds you alternate accommodation.

We continuously add new accommodation choices everyday. Please don't hesitate to email us through help@erasmusinn.com if you have any questions or if you are looking for alternative accommodation not listed on our site.
