

# WAKE UP TO A LIFE OF YOUR OWN

## At Republika, we focused our thoughts only on you

and all the things you need as a student. We are now waiting for you to join us.

Think of a place... Where your neighbours are your best friends. Where you say "hello" to each other in the morning. You start the day at the gym. After working out, why not enjoy the pool?

Everyone has gathered there. Have a great time playing by the water...

Had too much fun? Want to study? Pop down to the study hall.

Got some free time? Try the hobby room instead. Or the mini-cinema. Or the game room...

Focus only on your courses and fun. Don't waste time on buying furniture, cleaning up or paying bills.

We take care of all that. These are best days of your life. Fill them with beautiful memories.
